

# BOOZY BRUSHSTROKES WORKSHOP

WITH WAYDE FROM ALEJANDRO LAUREN

Boozy Brushstrokes is the fun team building class you've been looking for. "Paint and sip" classes are all the craze at the moment, but Boozy Brush Strokes adds an authentic element of Aboriginal education to this activity.

Run by a sassy Birpai instructor ([Wayde from Alejandro Lauren](#)), attendees are promised fun, education and big laughs. Rather than canvases, the art is done on a tote bag that is provided. It's eco-friendly and ego-flaunting since you can parade it around knowing your art is being seen by society at large. All you need to do is provide the space, drinks and nibbles for your guests. Though we can also take care of this on your behalf for a slightly higher price.

This workshop is suited for 8-30 participants and has limited availability so make sure to book in advance.

Please contact for bookings, this workshop is perfect for corporate, team building and festivals!
